

VACULYFT E

The flexible laying machine for decorative paving slabs, kerbstones, blocks, sacks, flagstones etc.

- **VACULYFT E** is very easy to use. The ergonomic design prevents injuries to back, shoulders, hands and knees.
- **VACULYFT E** Vaculift E is electrically powered which enables very quiet operation.
- **VACULYFT E** cuts laying time drastically – considerable financial benefits over manual laying.
- **VACULYFT E** is designed to lift different types of items. The tools can be easily changed by hand to lift everything from most shapes of paving slab to flagstones, kerbstones, rocks, covers and sacks etc.
- **VACULYFT E** has electrically powered vacuum pump and hydraulics. The hydraulic operated outriggers enable easy leveling and quick setting up.

Max lifting load: 60kg (130lbs)
Gross weight: 500kg (1100lbs)
Dimensions: L=1600mm (63"), W=1000mm (39.5")
H=2350mm (92.5")
Power supply: 380V/16A

Ergonomic
Quiet electric power
Cuts laying time
